The LRC is committed to providing educational materials and instructional technology solutions for students and instructors in the Department of Romance Languages at UNC. Our services include:

1. Help with Classroom Instruction
 - If you would like to show a video or play a CD for your class, check our online catalog (<http://lrc.unc.edu/catalog>) for availability. You may check out these items or place them on reserve in Dey 109, the LRC Media Lab & Library. If you do not have a multimedia classroom, you may also check out CD players (some available with iPod docks) or video carts.
 - The Media Lab in Dey 109 can be used by your students to view reserved videos or create pronunciation recordings. Dey 109 Hours of Operation: Monday-Thursday 7:30AM-8:00PM, Friday 7:30AM-5:00PM
 - Flip® video cameras are available for check out in Dey 104. These easy-to-use cameras are a great resource for projects or for recording your classes.
